Kerouac and Ruscha exhibit at Bob Rauschenberg Gallery

Florida SouthWestern State College announces the Jack Kerouac and Ed Ruscha: On the Road exhibit at the Bob Rauschenberg Gallery is open now through Aug. 28.

Pairing renowned West Coast Pop/Conceptual painter Ed Ruscha's illustrated edition of the classic Kerouac novel with the author's original 1951 manuscript for the first time, this groundbreaking exhibition brings together two of 20th Century America's most visionary and influential artists.

Single-spaced without paragraph breaks on a continuous

120-foot-long paper scroll, the late, great writer Jack Kerouac completed this first draft of "On the Road" and forever defined the restless Beat Generation with his 1928 Underwood Portable typewriter at over 100-words per minute in just 20 caffeine- and Benzedrine-fueled days.

The Bob Rauschenberg Gallery is on the Florida SouthWestern State College campus at 8099 College Pkwy. In Fort Myers.
