Season Preview 2018: Arts

In a season brimming with top-notch cultural offerings, here are the ones you just can't miss.

The Visuals of Visionaries

The Art of Peter Greenaway and Jack Kerouac exhibit, through Dec. 8 at the Bob Rauschenberg Gallery at FSW

More than 50 of Kerouac's paintings and works on paper join newly commissioned *On the Road*-themed drawings by British filmmaker Greenaway, who first trained as a painter. The exhibit is the first in the U.S. to display such a major survey of visual works by the Beat Generation literary king and the "philosopher of cinema" he inspired.
